The new Ronald ALPHONSE's project is based on THELONIOUS MONK's tunes among the least known as:

We See, Ugly beauty, Bye-ya, Coming on the Hudson, Thelonious...

The groovy and latin arrangements gives to this composer a radically new look.

Philippe ADLER -french journalist (22/12/07)

"It's abundant, copper, percussive, metal ... The famous tunes are revisited in a spicy salsa .. It was daring!

Laurent MATHERON- saxophone news (17/03/08)

Excellent .. really a great CD and a good original way to approach MONK .. "

In Concert from quartet to septet..
